Re: Docket #99P-0033/CP 1

Dear Commissioner Henney:

The Humane Farming Assoc (HFA) has submitted petitions to the FDA and CDC in reference to Mad Cow Disease (TSE). If the points in this petition were brought into law, it would most likely put an end to Mad Cow Disease. This petition demands that the practice of feeding dead animals to farm animals such as cows, pigs, horses etc. be stopped. These animals are not meat eaters and should not be forced to eat dead animals. Please act on this petition and put an end to this barbaric practice.

Sincerely yours,

Kathryn A. Watkins
